## **A message to your Mom and Dad**

Being moms and dads ourselves, we know how important it is to protect the people (and pets) you love. We hope your children will enjoy “The Adventures of Dread Skeeter” coloring book. If Mosquito Squad is not yet protecting your backyard, please visit us at [MosquitoSquad.com](https://www.MosquitoSquad.com) if you are interested in more information.

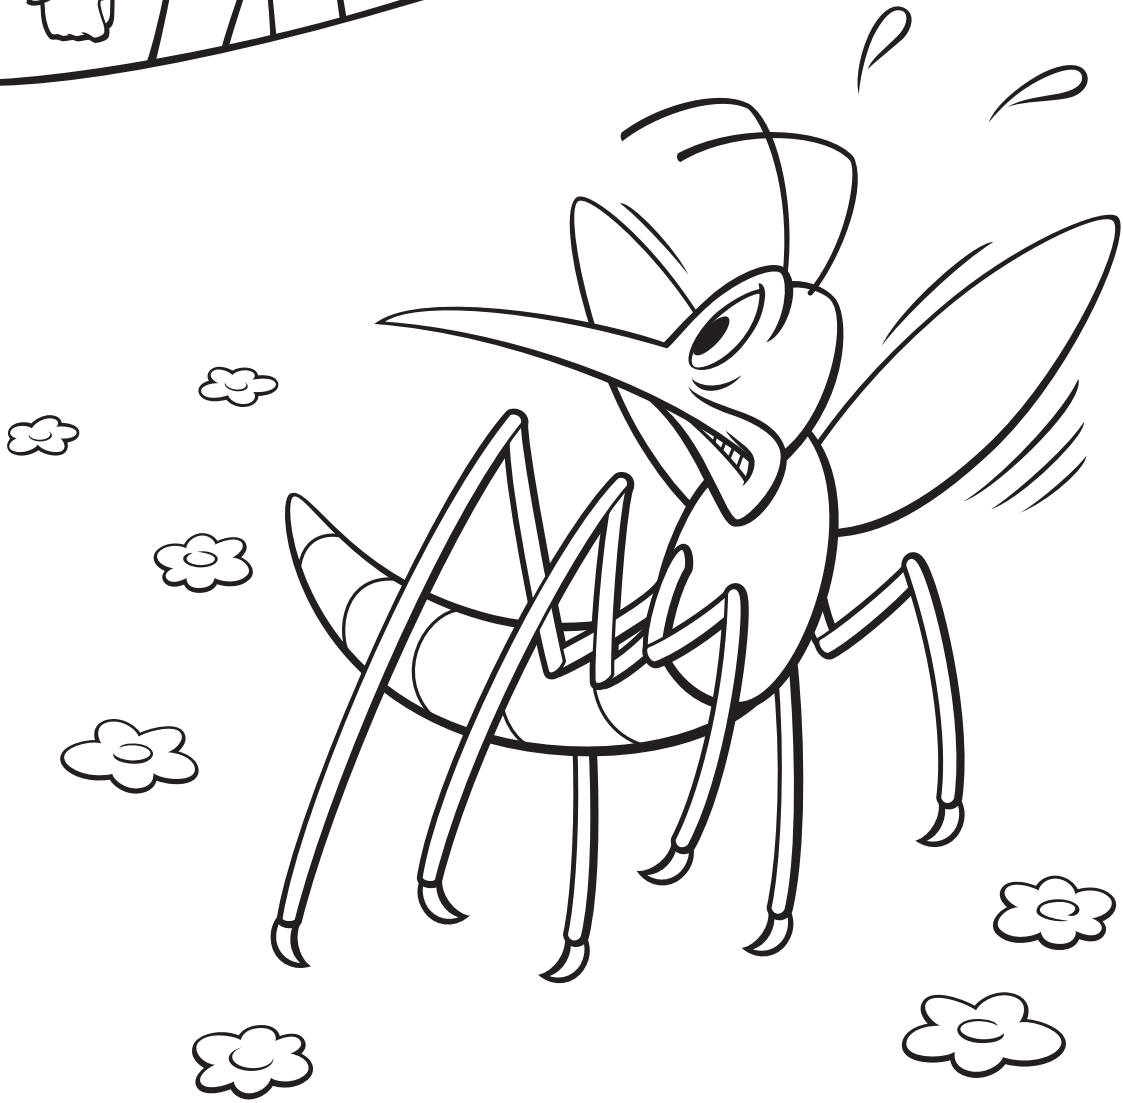

Thank you.

Bity bugs can make itchy bites.

Meet Dread Skeeter, bug buster.

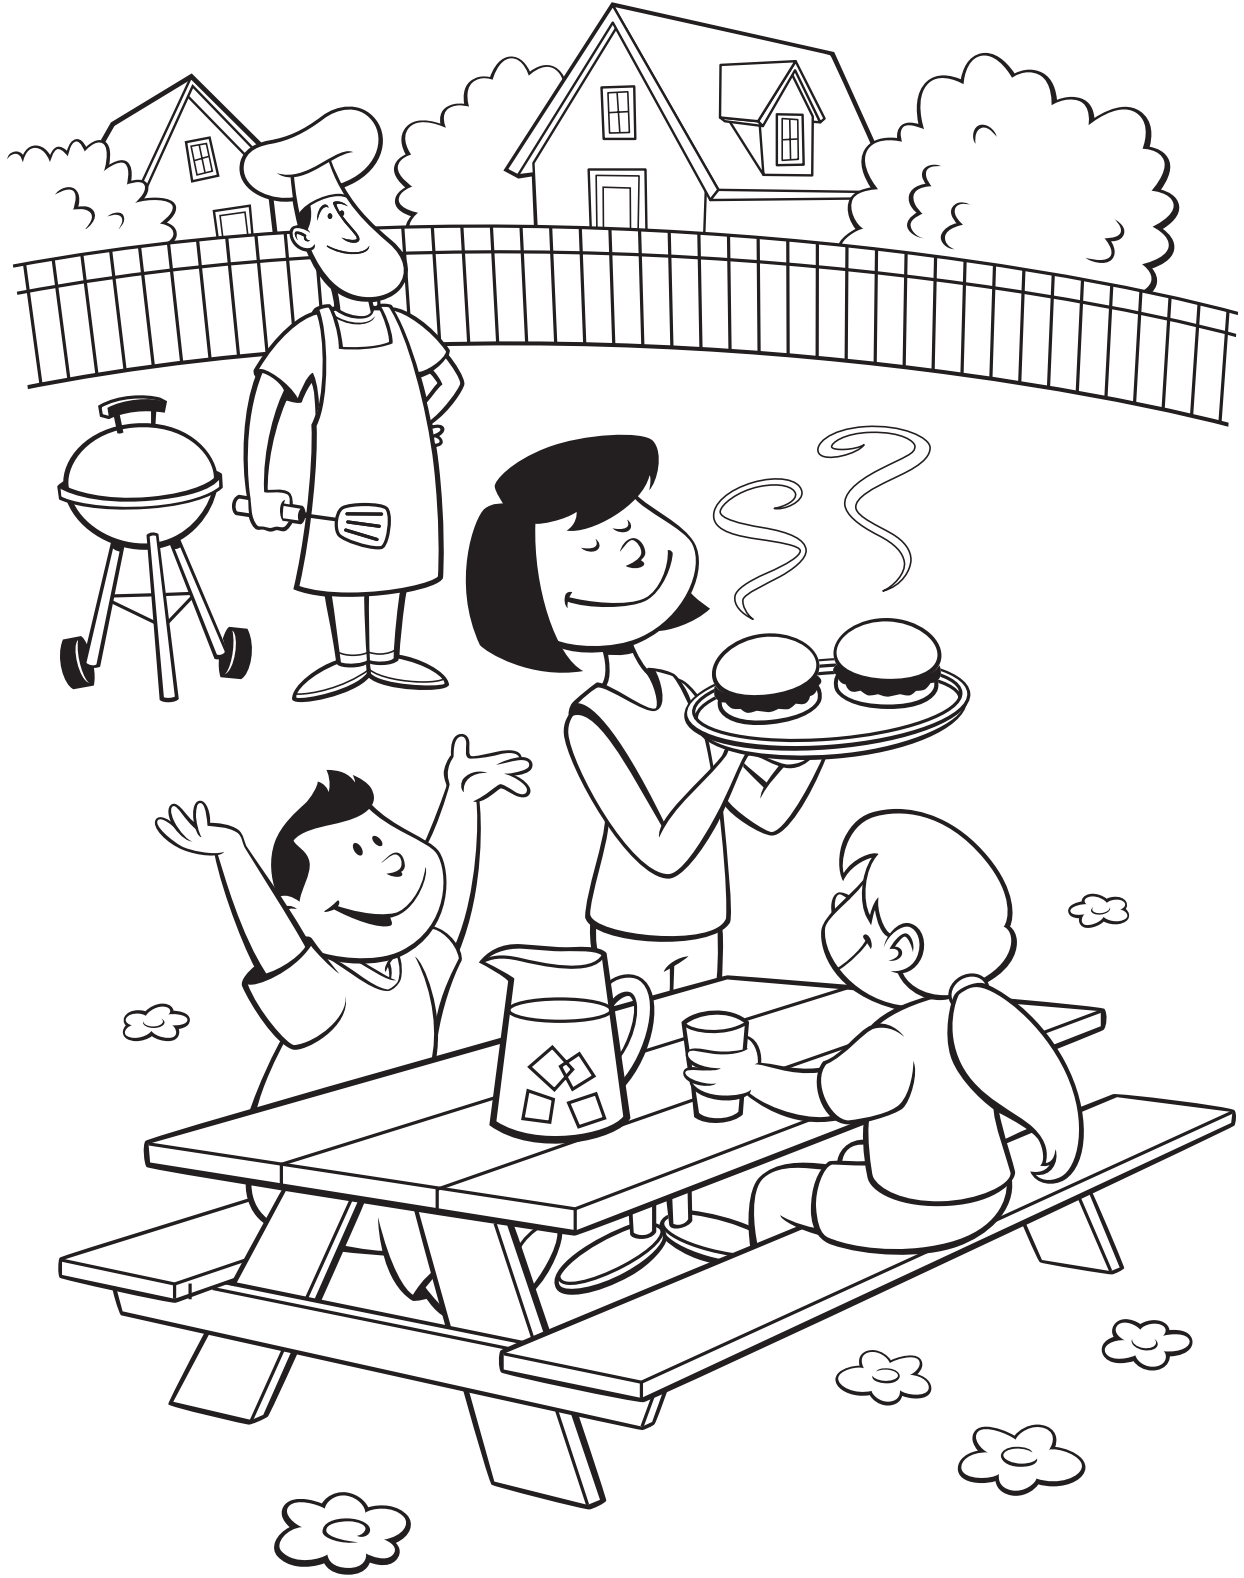

Dread Skeeter makes bugs skedaddle.

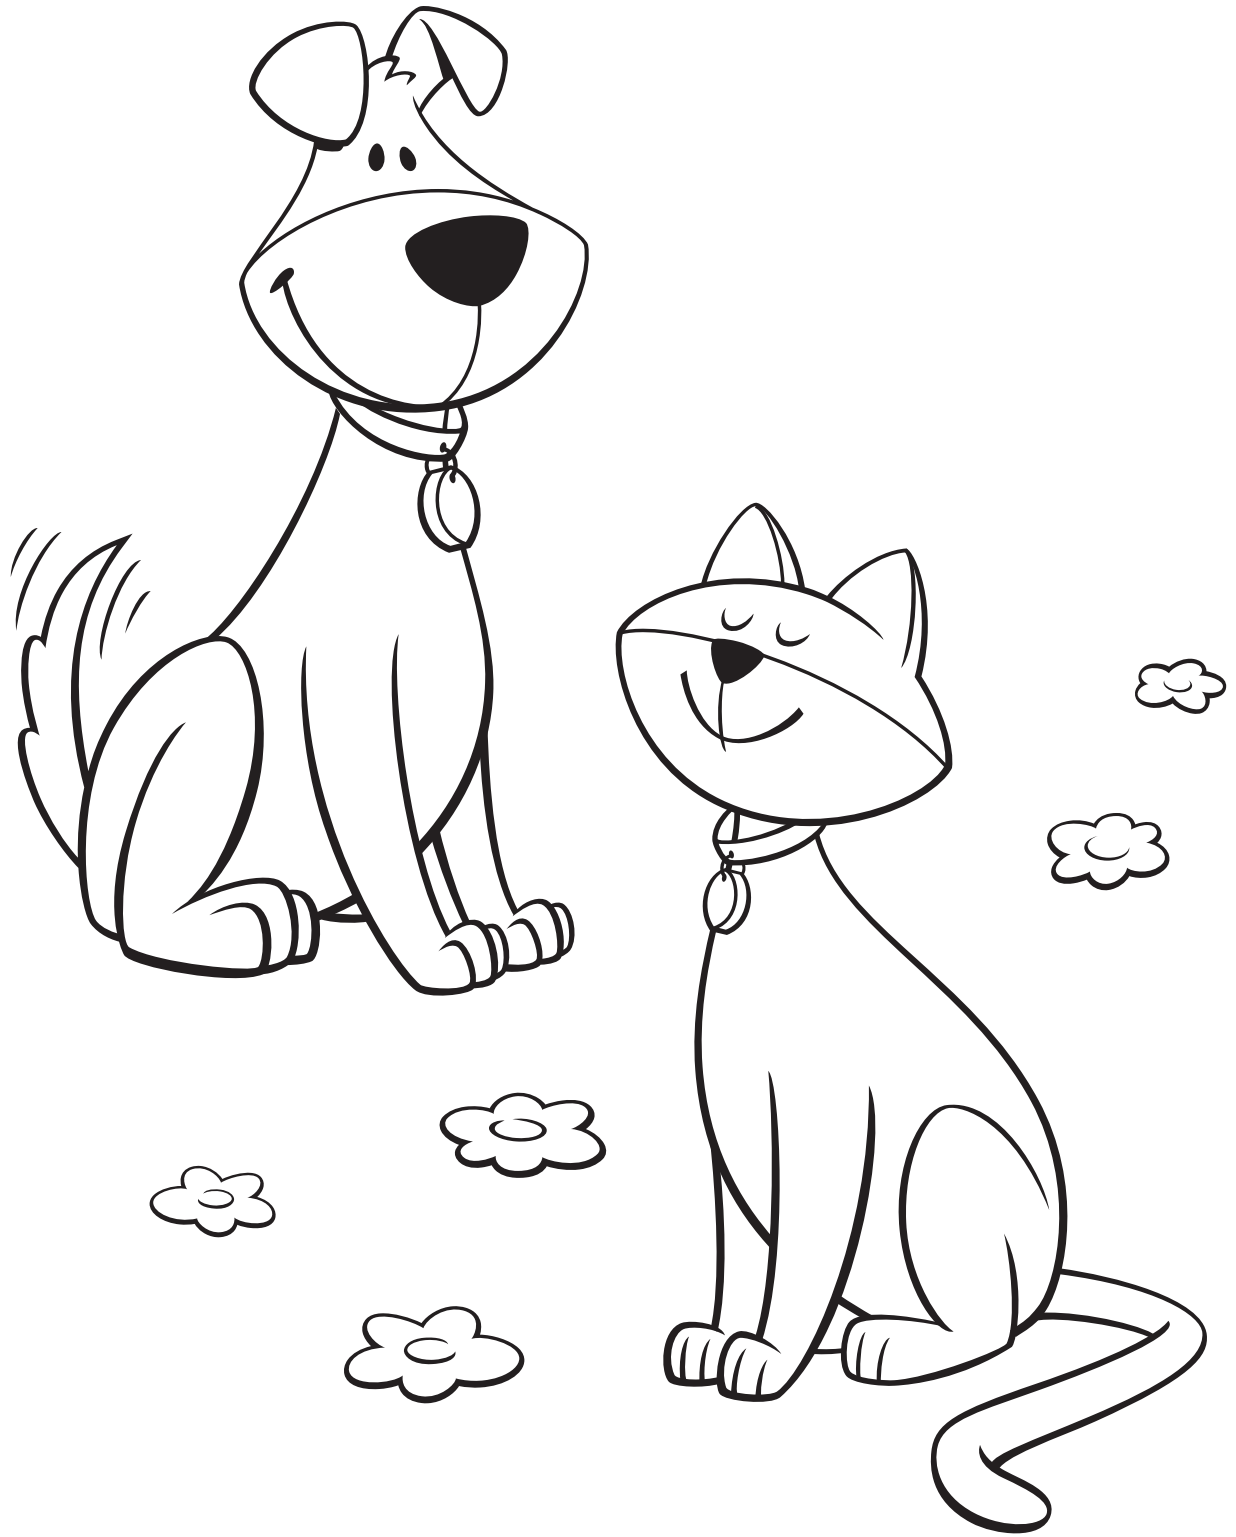

It's nicer to bite food than to be  
the "food" that gets bit!

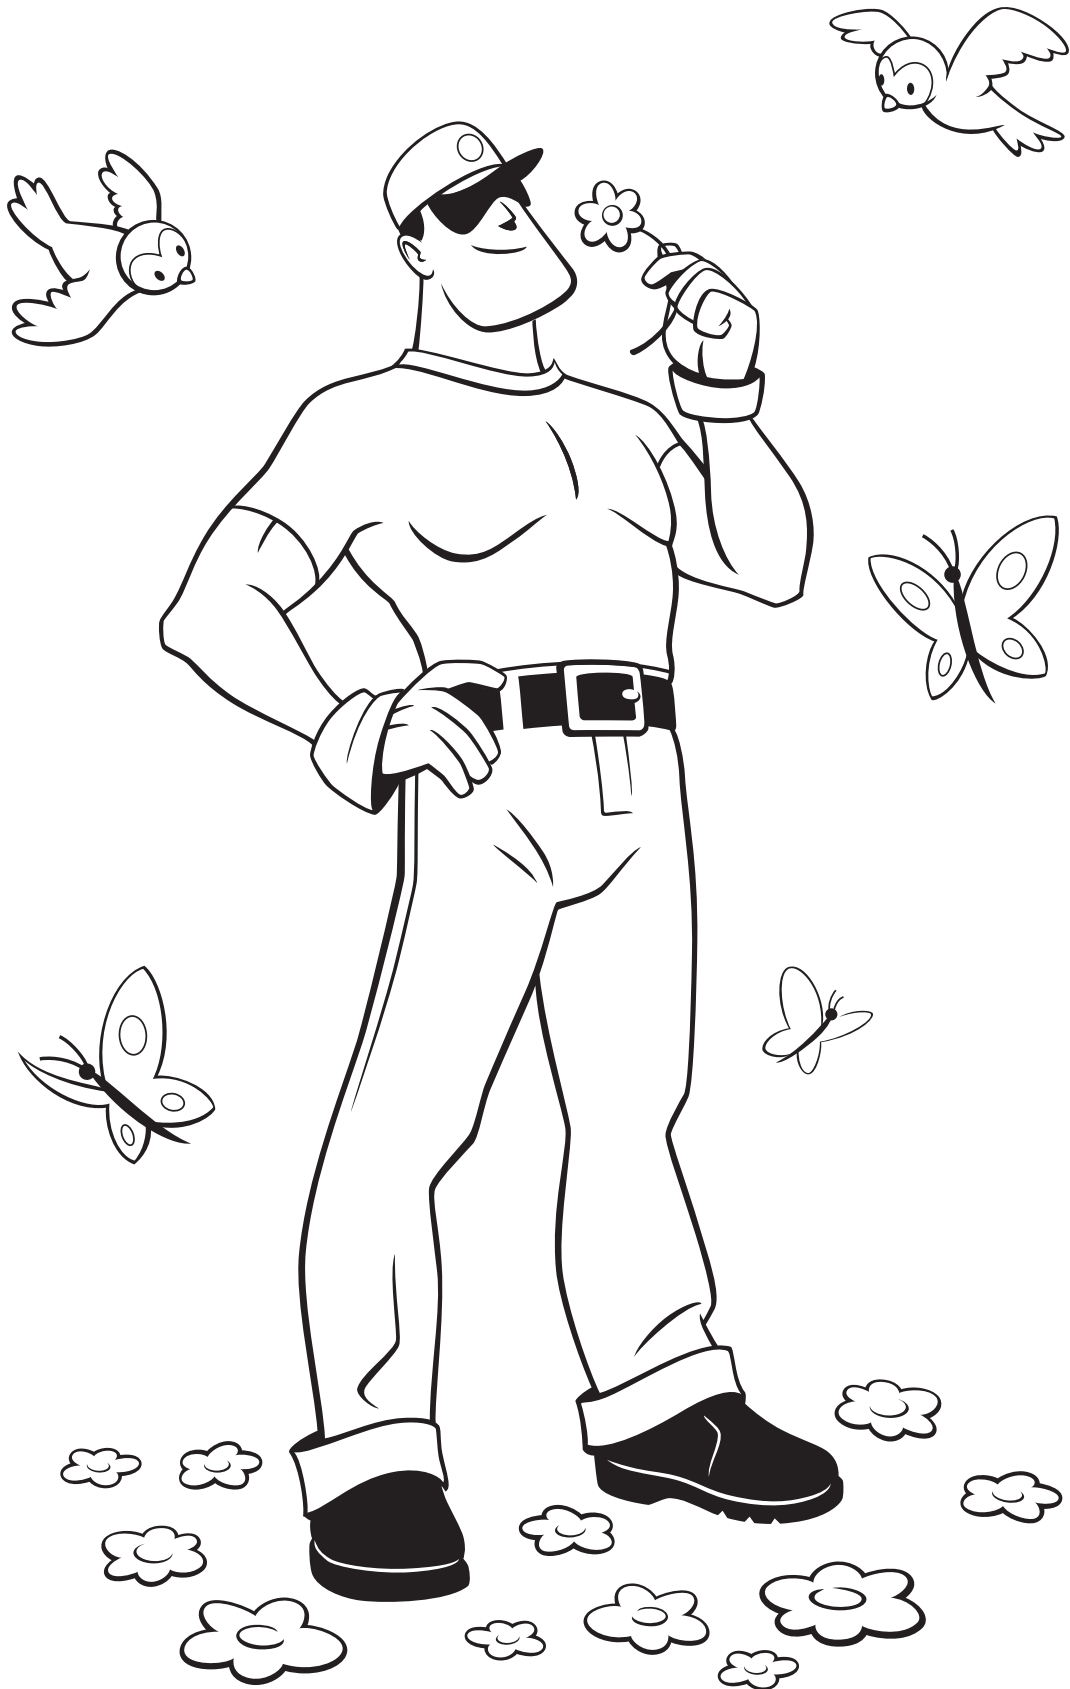

Backyards are better without biting bugs.

Dread Skeeter also helps keep flies away.

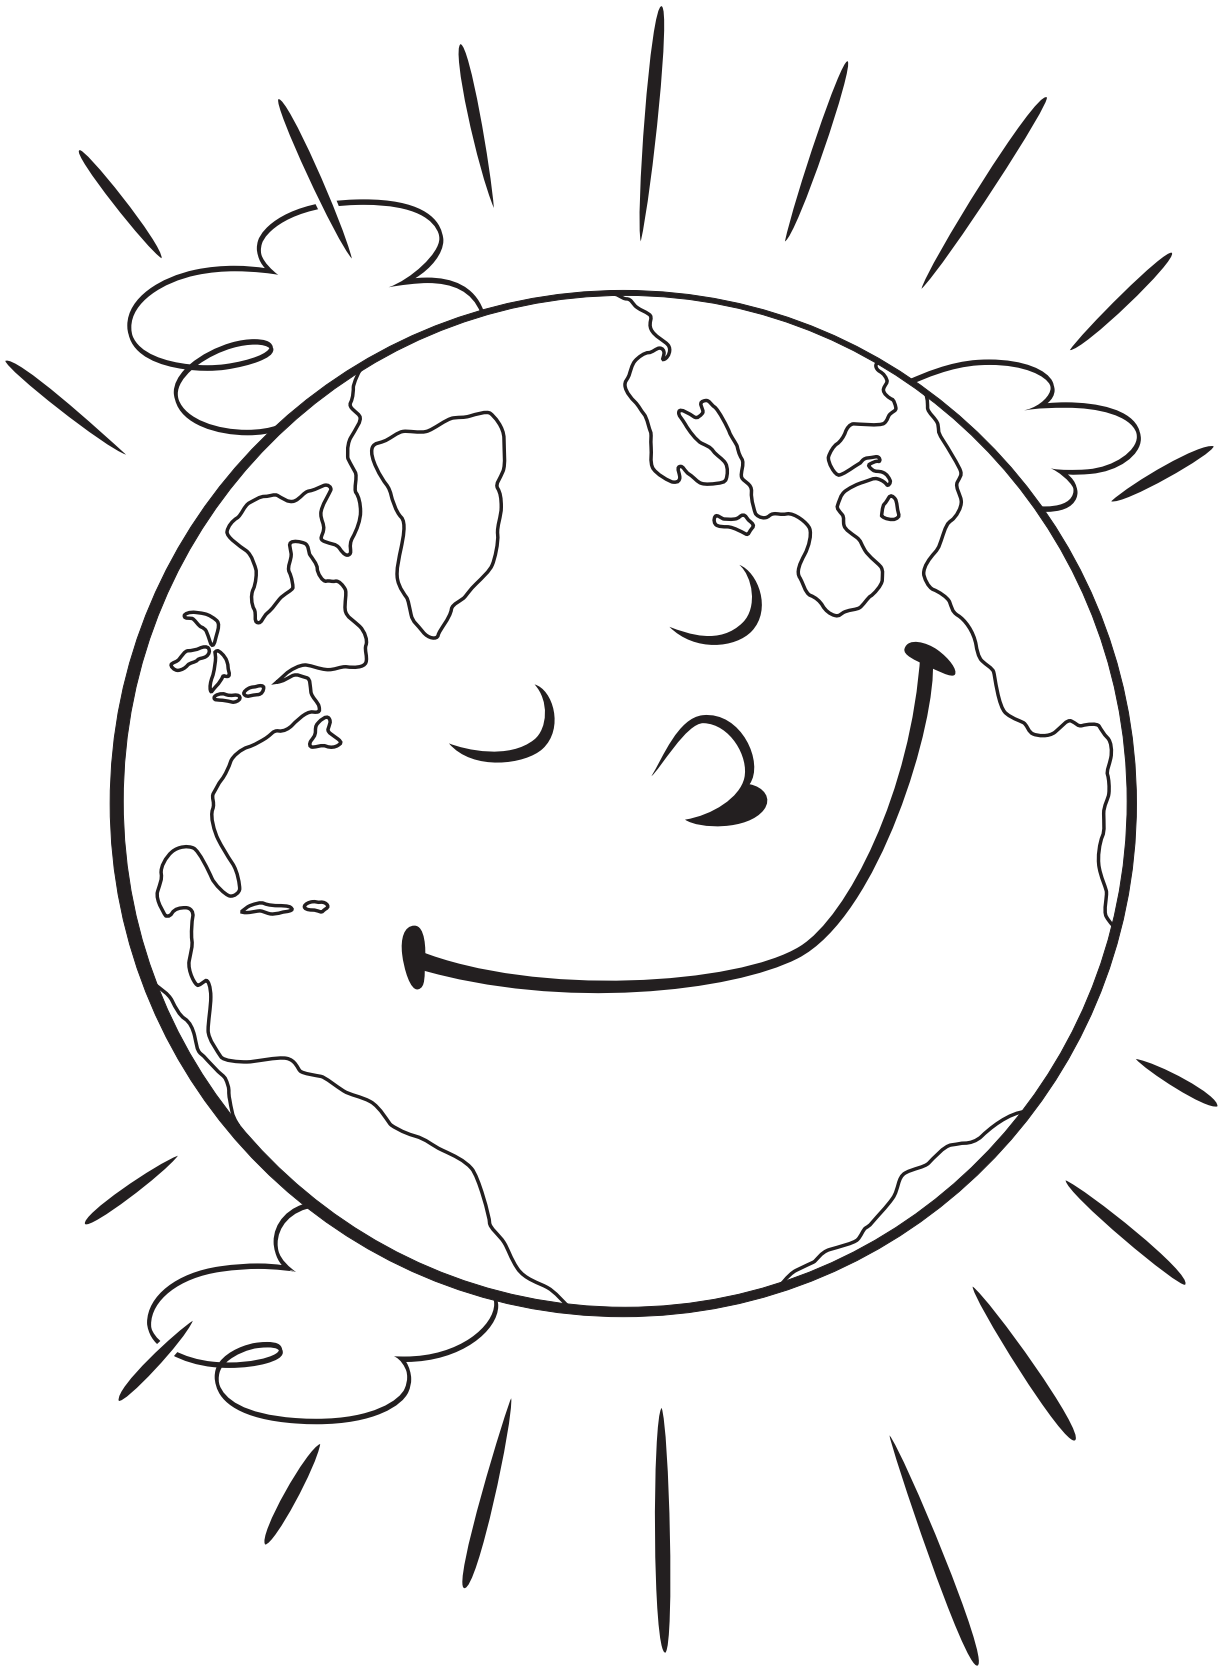

He protects pets from itchy bites, too.

Dread Skeeter won't hurt flowers or plants.

His secret weapon spray is made from mums.

Dread Skeeter's protective spray is mean to bugs,  
but not to planet earth.

Dread Skeeter protects kids and pets everywhere.

Dread Skeeter. Making bugs bug out before they bug you.
