

Mosquito Free®

Mosquito Free® is made with natural ingredients and can be used year round (southern states). Product does not cause discoloration. Mosquito Free® is not a larvicide and is intended to rid adult mosquitoes with proper use. Not for use on edible crops. Visit our website for frequently asked questions at www.gardengirlsrepellents.com.

Concentrate

Directions for 300 Gallon Truck Tank Sprayers which provides saturation application.
1.28oz to make 1 gallon/12.8 oz to make 10 gallons/128oz to make 100 gallons.

Stir product in drum. Fill tank with water then add product. Mix or agitate. We recommend spraying all grassy areas, under shrubs, up to 30ft of wooded areas, wood piles, leafy areas and anywhere on property where it is shaded and moist. Spray up and under tree leaves. Can also be sprayed directly on swing sets and patios. Apply every 21-30 days depending on severity of infestation. Contents of drum will make 5,500 gallons of ready to use and cover approx. 5,500,000 sq.ft. DO NOT DILUTE more than recommended. You and your customers will enjoy the pleasant scent of cedar. Yard can be used within 15 minutes. Also works on ticks, spiders, fleas, gnats (including sand gnats), chinch bugs and other exoskeleton insects. Best time to spray for mosquitoes is dusk and dawn. Do not store below 32°. Avoid spraying in temperatures that exceed 95°.

Directions for mixing for back pack and mist blowers providing mist applications.
2.5oz per gallon/7.5oz per 3 gallon back pack sprayer.
