Spring 2023

Dear Friends:

I hope this note finds you in good health and spirits. I am excited to share with you the inaugural issue of our "What's Buzzin'" Community Newsletter. The mission of this newsletter is to support, empower and promote our community organizations, local businesses and their events. Stories will include a "Community Partner" Spotlight, a focus on one of our local non-profit organizations and a feature story on a local business in addition to a few stories on the work we are doing in our local communities. I have also created a new "Community Partners" page on our web site. This page is available to local organizations to post and promote their mission and their events.

Part of the DNA of the Mosquito Squad of Chester and Delaware County is our continued commitment to the communities we serve. We are a locally owned business and take great pride in helping support and promote local businesses and organizations when and where we can. If you have any questions or if you are interested in becoming one of our Cherished "Community Partners" please contact us.

Warm regards,

Dear Douglas and Catherine,

Last month, I was honored to join Delaware County Community College as the new Vice President for Institutional Advancement and Executive Director of the Educational Foundation.

As a graduate of Penncrest High School, it has been wonderful to return to Media and support my hometown in this highly collaborative role. Since I arrived in August, I have been so impressed by the College's inspiring students and world-class faculty, and I look forward to continuing our partnerships on critical training initiatives, essential programs, and meaningful dialogues throughout our community.

Your generosity has helped the College remain the center of educational opportunity in Delaware and Chester Counties for over half a century. Every gift has helped transform local lives while removing obstacles to personal success. And as we turn the page to our next chapter, we have a lot of exciting projects in the works. I can't wait to share more with you soon.

In the meantime, I hope you know how very grateful we are for your support. If I can ever be of any assistance, I can be reached at [rmccausland@dccc.edu](mailto:rmccausland@dccc.edu) or 610.359.5365 at any time. I hope you will reach out to say hello! And again, thank you so much for your support of Delaware County Community College.

Sincerely yours,

Rachel McCausland
